

## FRENCH

MacFadyen Preschool Academy is happy to announce that our French Program will be back up and running, beginning April 13<sup>TH</sup> 2018.

We would like to welcome Linda Perllerin-Tomlinson to our program as our French teacher. She will be with us Fridays each week to introduce French in a fun and interactive way, so that each child can have a positive relationship with learning a new language.

Please read all about her from her biography below.

My name is Linda Pellerin-Tomlinson. I am a mother of two bilingual children. A 9 year old boy and a 6 year old daughter whom are both currently attending École St-Philippe, a French Catholic school. The same school I went to when I was a little girl. I grew up in a French speaking home. My parents were born and raised in a small town in Quebec which we still visit 2-3 times a year. I graduated with a French degree in Linguistics at the University of Ottawa. I was a "Sportball" coach for 12 years, teaching sports in both French and English, to children ages 16 months to 11 years old. I am currently employed as a part-time employee with l'école St-Philippe. I work in the JK/SK classroom once a week and also occasionally work as an ECE and an EA. Being involved at the school so much helps me stay current with the curriculum. Over the years I've collected a library of French music and books. I teach the kids French through music, art, puppets and fun games. I have various themes and within each of these themes holds 4-5 lesson plans. The children are learning French without even knowing it! Starting early offers the widest set of benefits and opportunities. Children understand intuitively that language is something to explore, to play around with and to enjoy.
