

Date: 9/26/19

NCRTAC Subcommittee Meeting: Definitive Care

Present: Jason Keffeler and Terry Nichols

Today's General Meeting requested the Definitive Care committee develop geriatric guidelines.

1. We requested Michael Fraley provide us with reports on:
 - ED LOS > 3 hours for geriatrics \geq 65 yrs of age
 - ED LOS > 3 hours for geriatrics \geq 65 yrs of age and with an ISS > 15
2. At this point, we recommend waiting until the WI TQIP Collaborative shares their results to help identify geriatric guidelines/position statements needed for our region.
