

New Scholarship Fund Available for Children of CCHS Teachers

January 14, 2016

The Charlotte Catholic High School Foundation is pleased to announce The CCHS Foundation Tuition Assistance for Teacher's Students fund. The new program is a needs-based scholarship available to all CCHS teachers who have children enrolled in the Mecklenburg Area Catholic School System.

“Our teachers are a big part of what make Charlotte Catholic what it is,” said CCHS Foundation President Norm George. “We want to make sure tuition cost is not an obstacle to their children having access to the same wonderful school system our kids benefit from.”

The new tuition assistance fund was designed by the CCHS Foundation Board of directors after hearing from CCHS Principal Kurt Telford who highlighted the need to support our teachers in every way possible.

“We know it’s a competitive environment to retain teachers,” said George. “Our hope is this fund will remove the potential of losing a quality instructor over affordability of their child’s education.”

The CCHS Foundation is 501(c)(3) tax-exempt non-profit. It is funded by supports of Catholic education. Donations are used to solely support the needs of Charlotte Catholic High School.
