All above have to submit their rates of the trades mentioned by 20th may 2019 in prescribed formats as Annexure 1. The lowest rate received for every trade will be the base rate finalised by the committee. The empanelled agencies will always have to work in the base rate finalised by Jharcraft. In case some of the empanelled agencies fail to give their rates, they will have to work based on the base rate fixed by the H.O .If the work of empanelled agencies is not found satisfactory, the H.O may give the work order to any other agency at the base rate, which will be fixed. In order to maintain quality, Jharcraft may take the services of the agencies outside Jharkhand. In some of these cases the rate may vary as the rate quoted by the agencies of Jharkhand, which may not be equivalent to the rate quoted by any other agencies in metro cities. Rates may also vary as per varieties or present fashion; in such cases a committee headed by M.D will take appropriate decision.

Annexure 1
