We have **released our fall schedule**, and with that comes some very important news. We will be consolidating our two studio locations into one location on Union Street in Niskayuna. This is an opportunity for some major growth in the strength of our studio. Since Glenville opened, our teachers have been spread thin trying to take care of the daily chores for 2 studio locations along with managing the studio in between classes without always being equipped to answer necessary questions. By consolidating, our teachers will be able to focus more on teaching classes and creating a positive atmosphere for everyone. In addition, the Niskayuna location has offered so many opportunities for community involvement which we haven't had the opportunity to share as deeply with our Glenville families. We are excited that we will be able to be one close family and offer community opportunities to all our students!

The fall schedule and registration information are available at the front desk in our Niskayuna and Glenville studios, and on our website. For registrations and questions please mail us at [info@dancemeschool.com](mailto:info@dancemeschool.com).

Summer registrations are open for both camps and classes. For students 12+, you can apply for our **Summer Internship Program** to assist during classes and camps. Applications can be found in studio.
