The Service

This service has been commissioned to enable employees of Greater Manchester Health and Social Care Partnership (GMHSCP), who are either not eligible to receive a free NHS Flu Vaccination or who do not otherwise have access to an employer provided scheme through by Public Health England (PHE) or NHS England and Improvement (NHSE/I) to obtain a private flu vaccination at a participating community pharmacy of the employees' choice. Arrangements have been made for the cost of the vaccination to be paid for by the employer so there will be no charge for the employee at the time of vaccination.

GMHSCP is making this flu vaccination service available to eligible staff free of charge in order to protect staff against the influenza virus and as such this eligible staff group is being encouraged to take up the offer of having a flu vaccination. The service is available through any of the participating community pharmacies listed and can be accessed by following the instruction provided below.

Process

Registering for your Vaccination

To receive your flu vaccination you will need to register on this website:

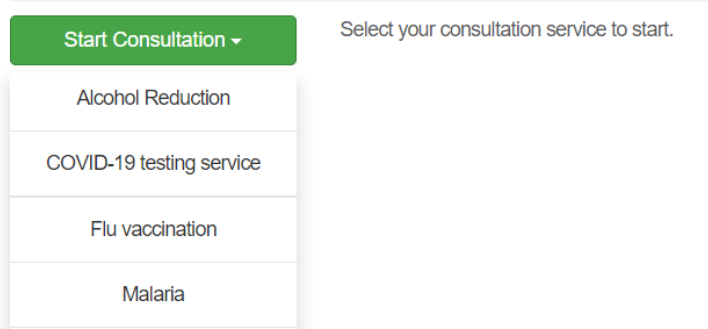

<https://pharmadoctor.co.uk/patient/register>

You will be asked to provide your name, date of birth, gender, address, GP Surgery (optional), email address and telephone number. You will then be asked to choose a password and accept the Terms and Conditions.

Once submitted you will be sent an email to the email address you have provided; you will need to click on the link in this email to confirm your email address before continuing to book your appointment.

Once registered you will need to login to your account and select 'Start Consultation' (green button on top left) and choose 'Flu Vaccination' from the dropdown list:

Your consultation options

The image shows a web interface for selecting a consultation service. On the left, there is a green button labeled 'Start Consultation' with a downward arrow. To its right, the text 'Select your consultation service to start.' is displayed. Below the button is a vertical dropdown menu with four options: 'Alcohol Reduction', 'COVID-19 testing service', 'Flu vaccination', and 'Malaria'. The 'Flu vaccination' option is highlighted in light blue.

Select your consultation service to start.
Start Consultation ▼
Alcohol Reduction
COVID-19 testing service
Flu vaccination
Malaria

You will then be asked to confirm your patient details are correct and complete a consultation questionnaire. This questionnaire is designed to check your eligibility for the vaccination, so it is important this is answered accurately.

You must answer all the questions to proceed. An error message will appear if you try to continue without completing all the required questions.

Consultation Questionnaire

Flu vaccination Consultation Questions

Confirm

Back to home page

Please complete the medical questionnaire.

Questions

Have you had a high fever or temperature in the last 24 hours?

☐ Yes ☐ No

Do you have any allergies?

☐ Yes ☐ No

Have you ever had an allergic or anaphylactic reaction to a vaccine?

☐ Yes ☐ No

Please tick if any of the following apply

☐ One or more

☐ Liver problems

☐ Lung or respiratory problems

☐ Heart problems

☐ Diabetes

☐ Kidney problems

☐ Neurological problems

☐ BMI over 40 kg/m²

☐ Carer

☐ Social care worker

☐ Spleen problems (i.e. Asplenia / splenic dysfunction)

☐ Immunosuppression

☐ Pregnant

☐ Hospice worker

☐ Household contact of an immunocompromised person

☐ Person in a long-stay residential home

☐ None of the above

Are you breast-feeding?

☐ Yes ☐ No

Do you have a bleeding disorder, including taking any medication that thins your blood (anticoagulants)?

☐ Yes ☐ No

Do you feel any stress related reactions (e.g. feeling faint) when receiving a vaccine?

☐ Yes ☐ No

Have you had the flu vaccine before?

☐ Yes ☐ No

Have you previously been treated for any other medical conditions?

☐ Yes ☐ No

Are you currently taking any medication (over the counter or prescription)?

☐ Yes ☐ No

For patients with other health conditions, the risks and benefits of treatment must be weighed on an individual basis. Where there is doubt, defer vaccination until advice is sought by the appropriate Health Care Professional.

?

Confirm

Once the questionnaire has been completed, you will be given a customer ID number which you will need to provide to the pharmacist during the face to face consultation.

Please Note: Below the customer ID is a link to “Find a Pharmacy”. This will take you to a list of additional pharmacies who provide an NHS flu vaccination service and not to our provider list, **please ensure you only visit a pharmacy from the list provided within this document**. Selecting a pharmacy that is not accredited to provide this employee service will result in you being charged for your Flu Vaccination by the pharmacy.

Participating Pharmacies

To arrange your face-to-face consultation please select a pharmacy from the list below.

Most pharmacies will offer a walk-in service, however we advise that you phone in advance to ensure the pharmacy has availability, as this should avoid any disappointment or inconvenience. Please inform the Pharmacy that your are requesting vaccination as an employee of GMHSCP.

Only the pharmacies listed in this document are able to provide the Private Flu vaccination free of charge to eligible employees. You will be asked to show the pharmacist proof of your eligibility to receive this vaccination so please ensure you have the letter/email notification from your employer available.
