Version 4, March 2012

These Terms and Conditions ("Terms") set out the way in which Emirates Integrated Telecommunications Company PJSC ("du") will provide Services to the Customer. By signing an application form or accepting these Terms as part of an online or telephone ordering process, the Customer makes an agreement with du (the "Agreement") to provide them with services (the "Services"). These Terms and any Service specific terms form part of the Agreement between the parties and governs the relationship. The Agreement, along with the information shown on the application form or in any relevant brochures, will apply to the Service that the Customer orders.

1. Services supplied and making changes

- 1.1. All Services ordered by the Customer will be subject to this Agreement. If the Customer takes up a new service/product or a special offer, the Agreement between the parties will be varied to take account of any additional terms and conditions which may apply. If the Customer wants to add or cancel Services then please contact du through one of the channels set out in the User Guide.
- 1.2. du may make changes to its Services (including withdrawal of a Service), or to its prices and Terms, at any time. du will give the Customer 28 days' notice of increases to its prices and 14 days' notice of any non-price related changes which will affect the Customer. The Customer accepts such changes by continuing to use the Services after notice is given. If the Customer does not accept a change, it must contact du within 7 days to cancel the relevant Service.
- 1.3. du will consider the Customer to have received notices from du if du contacts the Customer at the latest postal address, email or SMS the Customer has given to du. du will also put all changes on its website www.du.ae.
- 1.4. du will require the Customer's consent to provision new Services and carry out certain activities. The Customer may nominate, in writing, operational contacts who are authorized to give the Customer's consent. If the Customer does not nominate any operational contacts, du, acting in good faith, may rely on the authority of any of the Customer's employees who tell du that they have authority to give the Customer's consent.

2. Quality of Service

- 2.1. du aims to offer high-quality Services and, if any quality of service issues arise, will take all reasonable steps to minimize interruptions to, interference with or reduced quality of the Services.
- 2.2. The quality of Service may sometimes be affected by factors outside du's control. Given the nature of the Services, du cannot guarantee that the Services will be available in all areas at all times, or will be free of faults that result in interruptions or interference to the Services. At times du may carry out maintenance to its network or rectify network break-downs which may cause interruption to a Service.
- 2.3. du reserves the right to block access to certain telephone numbers or content (including mobile, internet and broadcast content) for legal or regulatory reasons.

3. Paying for the Services

- 3.1. Charges will apply for the Services from the date that they are first provided. The Customer agrees to pay the charges for all Services that are ordered, together with any one-off charges that may be applicable to the Customer's account, at the prices set out in the current Tariff Guide. A copy of the most recent Tariff Guide is available on the du website at www.du.ae. The Customer is responsible for paying the charges applicable for all use made of the connections provided on the Customer's account, including any use made by other people, unless a SIM or other equipment has been reported to du by the Customer as lost or stolen. Charges for a Service will appear on the next bill, however, sometimes there may be a time delay before certain charges appear.
- 3.2. du will send the Customer's bill (in the language the Customer has chosen) to the billing address (mail/email/SMS) the Customer has given du. The Customer is responsible for settling the Customer's account in accordance with the payment requirements specified in the application form. If the Customer does not receive its bill the Customer should contact du.
- 3.3. There are several payment methods available to the Customer, these are set out in the User Guide and on the website. The Customer can also pay for certain Services and third party services using du's Mobile Payment Service. du will follow the instructions the Customer gives du on the Mobile Payment Form to debit amounts from the Customer's nominated bank account, debit card or credit card as shown. Additional charges may be payable by the Customer when making payment to third party services using the Mobile Payment Service.
- 3.4. If the Customer uses more than one Service, any payment the Customer makes may be applied by du towards any outstanding amount for any Service. If the Customer has more than one account with du, du reserves the right to transfer any credit on one account to settle outstanding amounts overdue under another account. Any amounts du owes the Customer may be set-off against any outstanding payments due from the Customer to du.

- 3.5. If the Customer does not pay all of the charges due by the due date shown on a bill, du may suspend the Services in respect of the whole account or any specific end-user, convert the account in respect to some of the Services from a Monthly Plan account to a Pay as You Go account, or end this Agreement. If the Customer does not pay all of the charges due by the due date shown on a bill, du may charge a late payment fee or instruct a debt-collection agency to collect any overdue payment, together with any late payment or administration charges applicable (levied by du or the debt-collection agency).
