**20. If there is anything else you would like to tell me about you and your family please do so below:**

I ask these questions and more because my puppies and dogs are my babies and it is extremely important to me that they go to homes where they will be part of the family forever. Are provided for properly, trained, and loved for their entire lives. When a puppy goes to their new home, I am always available to coach and help with anything for the life of that dog.

Thank you for filling this out and I look forward to speaking with you about my dogs.
