THE GUEST BEDROOM and Bath bring back that comfortable feeling we all love about classic California Spanish homes. The use of wrought iron and antiques; a variety of colors—all rooted in earthy and outdoor tones; vintage-inspired tiles with

a rustic twist; handmade wall-coverings; and interesting fabrics throughout. All of these elements combine to make these spaces true works of art.

While the bedroom is original to the house, the guest bathroom is a completely

new space, with an updated layout that maximizes the room's functionality. Designed to look as original as possible, the bathroom has rustic ceiling beams, bronze accents in the tile and an antique terra cotta floor.
