

The P6200 is a 3-sheet desktop folder that is ideal for occasional folding jobs. It can be handled 1 to 3 sheets of paper in just a few seconds. A letter fold is created that will fit into a standard business envelope. The folder is used with 8 1/2" x 11" paper that is 20 - 24 lb. bond. Paper is automatically folded when inserted. Paper jams are very unlikely but are easy to remove if one occurs. Stapled set can, also, be folded. The P6200 folds up to 30 letters a minute and up to 1800 sheets per hour.

- ✓ Automatically folds paper when inserted
- ✓ Easy to remove unlikely paper jams
- ✓ Creates a letter fold to fit a standard size business envelope

Technical data
