

THANK YOU FOR PITCHING IN

Gold River's Annual Pitch In

Saturday, May 4th 2019

This year's Gold River Pitch in included a clean-up of several reported illegal dump sites in and around the Village of Gold River. There were over 15 volunteers, including staff from the Village of Gold River. The event was very successful, with volunteers collecting **2950 kg** of garbage from around the Village.

A special reminder to residents:

The Gold River transfer station has a full service recycling depot and will soon be offering recycling options for household electronics such as TV's, audio visual equipment, computers, printers and all battery operated toys. For information on what can be recycled at the depot please visit the cswm.ca or BCRecycles.ca. Recycling is a great way to lower your disposal costs. Diverting material from landfill has health and environmental impacts. Please remember to recycle all your light bulbs, batteries, scrap metal, small & large appliances. All these items are FREE for disposal. Please donate refundable containers to residents heading to Campbell River or those raising funds for programs around the Village.

Depot Hours

Monday-Tuesday	Closed
Wednesday	10:00 am - 2:45 pm
Thursday	10:00 am - 2:45 pm
Friday	10:00 am - 2:45 pm
Saturday	10:00 am - 2:45 pm
Sunday	10:00 am - 2:45 pm
