BLACK BEAR

The bear facts

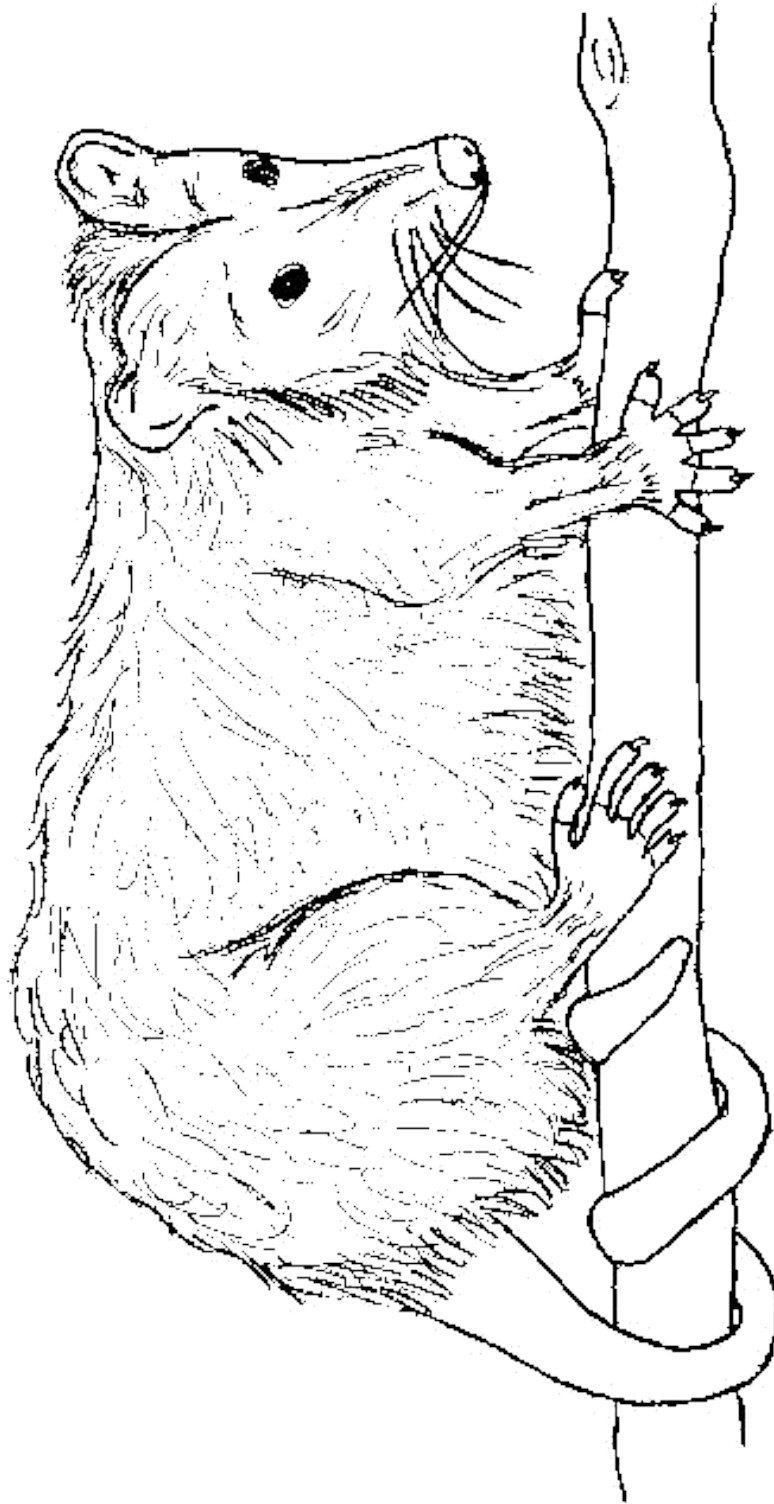

Black bears...

- Are big, powerful animals with rounded ears and short, stubby tails.
- Have five toes on each foot and large canine teeth.
- May weigh between 125 - 450 pounds when grown.
- Eat mostly nuts, berries and insects but they can eat animals, too.
- Have short curved claws and can climb trees very well.
- Can smell food more than a mile away.
- Can see in color and have excellent hearing.
- Have black fur and a tan or black muzzle. Some may have a white mark on their chest.
