Dear Weaver Parents:

You are amazing! On behalf of Friends of Weaver, we would like to thank you for your support and donations last year. Every dollar that you contributed is deeply appreciated. As you know, Weaver Elementary School offers opportunities to our children that are not widely available in the region or state, and we work very hard to raise the funds to support these unique programs that make our school one of the best in the country. Without you, we could never have achieved so much.

Thanks to your donations last year, FOW was able to fund our Media Center Teacher and curriculum that includes digital safety and citizenship, Google Office, typing, coding and Project Lead the Way, a fabulous program that provides a hands-on approach to solving real-world problems. In addition, using parent donations, Friends of Weaver replaced 225 obsolete iPads that are used in the classroom. Not only does Media Center instruction provide invaluable STEAM instruction for our students, it also offers our teachers important time for lesson planning and classroom organization.

In 2018/2019, Friends of Weaver will continue to fund the teacher on special assignment in the media center. New this year, Friends of Weaver will also add an instructional aide so that media center time is maximized and accessible for all grades who will continue to receive weekly STEAM instruction.

Neither the Project Lead the Way programming (materials, software, etc.), nor the teacher or aide are funded by the school district or the state. As a result, to allow our children to pursue some exceptional programming, we need your help in providing the significant funding to make this program a success.

Our request is simple – we'd like each family to consider donating \$100 per child to help us make this program a success. Your donations will drive the innovation we all want for our children. Donations are tax-deductible and your child(ren) will thank you for this in years to come. You can drop off the donation form with your check at the main office at Weaver or pay online via credit card by visiting www.biddingforgood.com/wgh/donate.

We are looking forward to a great year of STEAM education. Thank you for your support!

Sincerely,
Francie Ghose
