

★ Ice ... of America ★

ultimate festive festival project

The months of January and February are notoriously the slowest economic times of the year*.

People are busy paying off all those holiday credit card bills and usually stay inside their homes during these cold winter months - being all depressed and bored out of their minds.

Wouldn't you love to get those people out of their homes and into your local businesses, instead?!

It can be done! You can turn an average blasé winter weekend into something really cool!
...cool as ice, that is!

We can help! Our team of *multi-award winning internationally recognized ice artists* (and a couple of average ones) can affordably help turn your mid-winter town into a magical economic hotspot!

Other communities will become jealous as their populations dwindle to come pour cash into your town *for days**! It's true.

* We assume

What We Provide

Days of fun, interactive, unique ice sculpting entertainment that lasts long after we've gone**

Between 35 to 40 100% hand-carved-on-site crystalline ice sculptures ranging from HUGE to not-so-huge done by some of the best in the business!

High Energy Ice Shows and Demonstrations

A reason to get out the house

Priceless memories

** that really depends on Mother Nature and your Police Dept
