Competition Schedule 2021 SSI

There will be two sets of equipment, except floor. Teams will warm up and compete on the same set of equipment. Flight(equipment) A will warm up first and while Flight A is competing, Flight(equipment) B will warm up. Each round will be split in half so that there will be no more than 6 athletes to warm up and compete.

Warm Up Procedures:

Vault: Gymnasts will have 3 attempts to go over the vault table. Included in this is any touch of the vault table, even if only standing on the table and jumping off.

Uneven Bars and Balance Beam will have a warm up block of 90 seconds per gymnast. (While the other flight is competing)

Floor: There will be a tumble strip for the floor competitors to warm up on prior to their rotation. There will be 3 minutes blocked for the first 3 gymnasts that will be competing **in the entire meet (not round)** and after that there will be **a continuous bump touch** for next 5 floor competitors in the remainder of the meet. Each athlete needs to be ready and watching to see when they will be bump touching so as to not miss their bump in. If a gymnast does not feel she has received proper amount of warm up time in the bump touch she may ask the judge for an additional time not to exceed 10 seconds per athlete. This process will be repeated after the intermission with the remaining teams. Rotations will be kept together so as to not have one event left at the end and will be announced. Please do not start competing until the rotation has been **announced**.
