

## **Nacho Cheese Instructions**

1. Turn on (back of machine)
2. Put dispensing tubs in cheese
3. When you put on, you will hear a "pop" that you punctured the interior wall, then screw on
4. Load each bag into its dispenser
  - A. Open up dispensing can, snake the dispensing tube down through the pump enough to where it sticks out of the opening in the bottom of the door
5. Close the dispensing can until it locks (It will "click" into place)
6. Load a second back up bag of cheese on top of the bag you just loaded into the warming tray
7. Allow 60 minutes to heat up
8. When bag one is empty, repeat steps 2-5

### **CLOSING PROCEDURES – GAME WITHIN FOUR DAYS**

1. Do **NOT** turn machine off, leave all product in there with the machines on

### **CLOSING PROCEDURES – NO GAME WITHIN FIVE DAYS**

1. Turn machine off
2. Take out cheese and put into refrigerator (Can use again the following week)
3. Make sure dispensing spouts are pointed up so product does not drain out
