

# **Santa's Book of Colors**

Cut the papers in half so that there are 8 pages. Staple the pages together to form a book.

On each page, have the students color the item the correct color. (You may wish to use a white cotton ball for the beard.)

On the last page, have the students color Santa using the correct colors outlined in the previous pages.

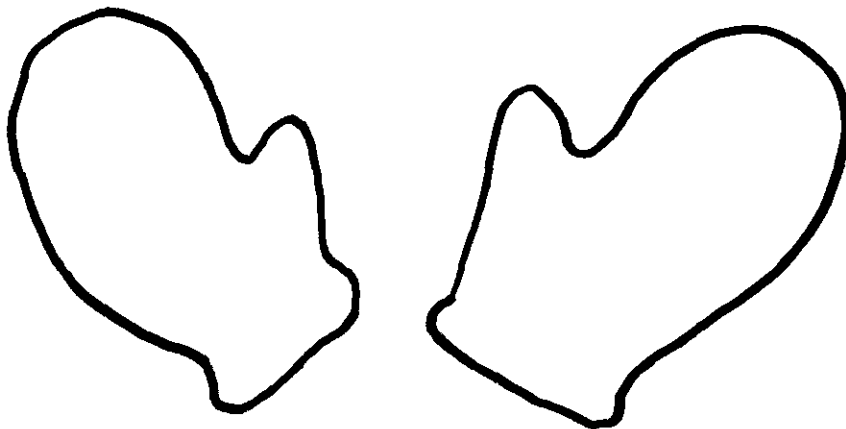

Encourage the students to recite the book aloud to you and their teacher or parent.
