

P.O. Box 203 • Waskesiu Lake, SK • S0J 2Y0

MEMO

DATE: August, 2017
TO: Members of the Waskesiu Community
FROM: Jim Kerby, Chair
Waskesiu Community Council
SUBJECT: SaskTel's DSL High Speed Internet Service to the Waskesiu Townsite

We would like to inform you of an opportunity that we have before us for the implementation of High Speed Internet from SaskTel in the Waskesiu Lake townsite.

The service would be SaskTel's DSL high speed service, and would come in two options with 2017 pricing as set out below:

HS Basic is \$52.95/month not including tax;
HS Advanced is \$69.95/month not including tax.

The service will be the same quality as you would find anywhere else in the Province. It will be a wired service to your cabin over the existing telephone system currently in place within the townsite.

In order for this project to go ahead we need to know the number of cabin and cottage owners that would sign up for the service. The service offering is basically 4, 5, 6, 7, 8, 9, 10, 11 or 12 months (SaskTel will allow for up to an 8 month disconnect).

Attached is an Expression of Interest document that you should fill out and return ASAP if you are interested. We would like to hear back from everyone by September 15th at the latest.

Please send the attached form back to waskesiuSRA@gmail.com to the attention of Rob Phillips, President, or drop the completed form off at 1519 Nighthawk.

Thanks for your support!

EXPRESSION OF INTEREST FORM

Community Participation Service Request

I hereby request that SaskTel provide the community of Waskesiu Lake with Digital Subscriber Line (DSL) High Speed Internet and advise SaskTel that upon completion of the build, I intend to subscribe to a SaskTel (DSL) High Speed Internet service for 3 continuous years or more. (For details about SaskTel Internet, visit sasktel.com/internet). As an alternate, in our seasonal community, I am interested in the following number of Months' service per year:

4___, 5___, 6___, 7___, 8___, 9___, 10___, 11___, 12___

I understand SaskTel is relying on my and other service requests to begin construction of the facilities needed for High Speed Internet.

I authorize SaskTel to contact me at my information below to discuss the High Speed Internet service offering.
