- Violation of or failure to comply with any of the rules for the 2014 High School Fishing season.

- In case of any conduct not complying with the standards outlined above, tournament officials have the right to refuse an application to compete, to deny a confirmed application to compete or to disqualify a contestant.

8. BOAT OPERATION • Captains must supply and drive boats for their teams. To qualify as a boat captain, the person accompanying a team must be at least 19 years old, have not guided on the tournament waters in past 30 days. The contestants may operate the trolling motor. Captains may provide assistance, including information about locating and catching fish, and are permitted to fish, but fish caught by the captain cannot be added to the team's fish weight and must be released immediately. The use of mobile communication devices may only be used by the boat captains but not for the purposes of sharing fishing information during the tournament. Students may assist in unloading and loading boats.

9. BOAT AND HORSEPOWER REGULATION • All boats should be covered by adequate competitive fishing tournament liability insurance. All boats must be propeller-driven and a minimum of 16 feet in length unless approved by the tournament director. Each boat must have all required U.S. Coast Guard safety equipment. Boats must contain a properly aerated live well space to maintain alive a limit catch of bass. Maximum horsepower for all outboards is 250 horsepower, not to exceed the horsepower capacity set forth on the "Maximum Capacities" placard described below. Each boat must have a clearly legible "Maximum Capacities" (or comparably titled) placard that includes a maximum horsepower rating affixed to the boat by the manufacturer. The horsepower of the outboard engine must not exceed the maximum horsepower capacity specified on this placard or the 250-horsepower maximum set by these rules. By signing the entry form, contestants and captains agree to submit their boat and/or motor to an inspection by tournament officials. Falsifying information on entry forms or altering the horsepower numbers on the motor or rating placard will be cause for disqualification from the tournament and may result in ineligibility to compete in future High School Fishing tournaments. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed (built-in) fuel tanks or auxiliary fuel tanks that are securely strapped or otherwise fastened to the boat. Any additional fuel used during the tournament day must be purchased from a retail facility open to the public and pumped through a hose with a nozzle.

10. PERMITTED FISHING METHODS • Fishing is defined as having a lure attached to a line and a rod and reel with the lure in the water. All bass must be caught alive in a conventional sporting manner. Only artificial lures may be used, with the exception of pork trailers and biodegradable soft baits. Only ONE fishing rod per contestant may be used at a time. Students must initiate and complete every cast in order for a catch to be considered legal. Trolling as a method of fishing is strictly prohibited. All bass caught while sight-fishing must be hooked inside the mouth and immediately shown to your coach for verification.

11. PERMITTED FISHING LOCATIONS AND BOUNDARIES • Teams may fish anywhere on tournament waters within the boundaries that is available to the public and accessible by boat, except are as designated as "off-limits," "no boats," "keep out," "restricted," "no trespassing" or "no fishing" (or similar language or markings intended to restrict public access) by tournament officials, local, state or federal officials, or within 50 yards of a contestant's boat that was first anchored. An anchored boat is a boat held in a stable position by a line attached to a weight or by a Power-Pole or similar shallow water anchor with the trolling motor in the up position. All fishing must be conducted from the boat. At no time may a contestant leave the boat to land a fish or to make the boat more accessible to fishing waters. The use of cables, ropes, chains or any type of block and tackle system to maneuver a boat into fishing waters is strictly prohibited and will result in disqualification from the tournament. Teams must leave and return to the check-in by boat. The boat must remain in the tournament waters during the tournament day. No tournament boat may be loaded on a trailer before the weigh-in except with the permission of the tournament director. In the event of equipment failure or emergency, there are three permitted methods of returning to the check-in: (1) by both contestants remaining in their boat and being towed by water, (2) by one contestant entering the boat of another team or (3) both contestants entering a rescue boat so designated by the tournament director. Under these three conditions the team's catch may be counted without a penalty (except for late penalties or other penalties pertaining to other tournament rules). Teams that elect to return to the check-in by any other means than cited above will forfeit their day's catch to that point in time of the tournament day. Any team returning to the check-in point will be eligible to restart and resume competition under the supervision of the tournament director or his designated tournament official. It is the sole responsibility of teams to locate the tournament director to request a restart. Teams must remain together at all times and within sight of their coach until check-in. The momentary condition of being out of sight of each other for restroom breaks is permitted. Violation of this rule may result in disqualification.

12. CHECKPOINTS • There will be only one checkpoint for check-in point in the afternoon. Failure to go through boat check and or failure to check in at the check-in point will result in disqualification. All fishing must cease upon check-in.

13. LATE PENALTY • Teams that are not at the designated afternoon checkpoint at the appointed time will be penalized 1 pound per minute, deducted from the total weight. Teams more than 15 minutes late will lose credit for that day's weight.

14. LIVE FISH/SHORT FISH • Every effort must be made to keep bass alive through the use of a properly aerated live well. Eight ounces (.50 lb) will be deducted from the total weight for each dead bass presented for weigh-in. According to state law, dead fish cannot be culled. **SHORT FISH WILL NOT BE ACCEPTED BY THE TOURNAMENT WEIGH MASTER AND WILL RESULT IN THE DISQUALIFICATION OF THE TEAMS CATCH.**

15. SCORING • Scoring is determined by the final weight of each team's catch during each tournament. Only largemouth, spotted, redeye or smallmouth bass are accepted species. The tournament limit is five bass per team unless the state or lake limit is less than five, in which case the state or lake limit prevails. Teams possessing more than the tournament limit will have their catch to that point in the day disqualified and, time permitting, are eligible for a restart from the takeoff location. Any team possessing more than 5 fish at weigh in will be disqualified immediately. The minimum length limit for bass is 14 inches unless the state or lake limit is more than 14 inches, in which case, the state or lake limit prevails. When bass are presented for weigh-in that fail to measure the prescribed length limit, the teams entire catch **WILL NOT** be weighed. The official measuring board is the "Check-It Stik." Each team's catch must be presented in an **official** weigh-in bag, not a personal weigh bag or as directed by the tournament director.

16. TIES • A tie will be broken by a flip of the coin.

17. LOGO DISPLAY AND TELEVISION COVERAGE • Contestants and captains may wear their own shirts or jerseys during meetings, competition and weigh ins. Tournament officials reserve the right, in their sole discretion, to prohibit any contestant or captain's shirt or jersey found to be offensive. All decisions are in Deep East Texas High School Fishing Series director's sole discretion.

18. ALCOHOL AND TOBACCO • During all days of competition, any and all alcohol and tobacco logos are prohibited and may not be worn or displayed. Contestants may not smoke or use tobacco products during tournament hours, including weigh-in at any event. Students caught in violation of these rules will be disqualified immediately.

19. TRUTH VERIFICATION TEST • Each contestant and coach agrees to submit, by signature on the tournament entry form, to a polygraph or voice stress analysis examination and to abide by its conclusion. These will be given randomly without notice. Failure to pass an examination will result in disqualification from the tournament. Truth verification tests will be used at the sole discretion of tournament officials, and the determination of the meaning of the results will be made solely by tournament officials.

20. INSURANCE • Liability insurance with coverage in reasonable amounts is required on all boats used in High School Fishing tournaments. Proof of insurance must be with the boat being used and must cover all passengers in the boat. Random checks will be conducted. Failure to provide proof of insurance when requested by the tournament director may result in disqualification.

21. CUMULATIVE SEASON POINTS • Will be based on total points from best 5 tournaments. Points awarded 150 for 1st place and decreases by 1 point per place. The teams competing and not weighing fish will be awarded 10 points less than last place with fish. (ie. 1st = 150, 2nd 149, 3rd 148 and so on)

22. CHAMPIONSHIP QUALIFICATION CRITERIA • Will be determined by the High school anglers not the boat captain. To qualify for the championship, a team will **count their best 5 performances from the 7 qualifying tournaments** or win one of the 7 qualifying tournaments and fish a total of at least 5 tournaments. The top 25% of all qualified teams will be eligible for the championship(based on average tournament entries). A team member may fish without their teammate as long as the other is not

fishing the event with someone else. This allows for the team as a whole to collect points for that tournament. Teams that split up for any reason will lose points accumulated and must fish a minimum of 6 of the remaining tournaments to qualify for the championship. A wild card will be drawn for teams competing in at least 6 events. One drawing per 25 teams fishing 6 or more.

23. RIGHT OF REFUSAL • The Deep East Texas High School Fishing Series reserves the right to refuse entry into our tournaments to anyone. **The tournament director has final say** in all matters concerning rules interpretation or any extenuating or unforeseen circumstances which may arise during any tournament hosted by the Deep East Texas High School Fishing Series.

24. CAPTIONS • The bold captions at the beginning of each paragraph are intended to facilitate convenience in referring to the various rules. The captions are not part of the substance of the paragraph and should not be used in construction of any paragraph or used in the overall interpretation of this set of rules.

25. MEMEBERSHIP, ENTRY FEES AND DONATIONS. All money from memberships, entry fees and donations will be managed by Outdoor Freedom Network, a non-profit 501 (c) (3) public charity. Profit not used for prizes or scholarships or other approved expenses i.e. advertising and promotional materials, payouts and other expenses as directed by the Deep East Texas High School Fishing Series Board of Directors will be donated back to each club for distribution to local at- risk children within their local area during the Christmas season.
