

We have used Eric and Melanie since last summer and since then we have so many guest reviews that say how clean our place is! They are always very responsive and have our best interest in mind in their decision-making. And besides their primary cleaning service, Eric saved the day for us with the additional handi-man service that he offers. While cleaning our unit Eric's crew discovered that our toilet was leaking at the floor and Eric was able to fix the problem prior to our next guests arrival the next day. I somewhat doubt that I would have been able to accomplish this timely repair through other services without interrupting our next guests stay.

Thanks Eric and Melanie! We appreciate and are glad you are partners with us in our rental property!
