

SUPER SHEMITAH OF ISRAEL

CALCULATION BASED ON THE PSALM 90 70-YEAR GENERATION PEGGED TO 1952

The purpose of this illustration is to consider the concept of the Biblical Sabbatical Cycle of 7 Years and its 7th Year called the Shemitah. Why? It is because from the Fall of 2021 to the Fall of 2022 is the 'Shemitah' or the 7th Year in the present Sabbatical Cycle count. The perspective of the study will focus on the Biblical implications, the reasoning behind it and the expected outcomes as defined and required of YHVH. The other aspect of the study about the 7-Year Sabbatical Cycle is how it could possibly pertain to the end of the Church Age and Rapture in relation to the rebirth of Israel as a Nation in 1948. Then there will be some spiritual correlations made as to the Biblical and Prophetic Implications perhaps of how the Shemitah Year is really needing to be counted not from 1948, but 1952. Why? The 10 Shemitahs started from that year. For the past 2 years or so, one has written about this Shemitah Cycle Theory and how it could play into the Prophetic Landscape of ushering-in Daniel's 70th Week. How so? In that the 70th Week of Years is a Shemitah. It is now pertinent as the 7th Year has come, starting in the Fall of 2021. This is especially true if one is going off of the traditional Rabbinical Calendar.

YHVH took note: 70 years were owed. It was the Sin of Unfaithfulness and Disobedience of Israel that brought the Exile of the entire Jewish Nation for 70 years in Babylon. Here is where one can make a possible Prophetic Correlation to affect the Church Age and the timing of the Rapture event perhaps. Why? These same People still 'owe' YHVH 1 Shemitah, thus, Daniels' 70th Week of Years of the 'Last Shemitah'. But here following is the breakdown of the years listed that constitute the 70-Year Shemitah countdown to Daniel's 70th Week of Years. The Bride of Christ owes nothing.

1948: Israel 'born' in a Day - Isaiah 66

70 Years: Starting from the 1st Shemitah after Year '0'.

0. Fall 1951 to Fall **1952** +7 =

1. Fall 1958 to Fall 1959 +7 =

2. Fall 1965 to Fall 1966 +7 =

3. Fall 1972 to Fall 1973 +7 =

4. Fall 1979 to Fall 1980 +7 = 1

5. Fall 1986 to Fall 1987 +7 = 2

6. Fall 1993 to Fall 1994 +7 = 3

7. Fall 2000 to Fall 2001 +7 = 4

8. Fall 2007 to Fall 2008 +7 = 5

9. Fall 2014 to Fall 2015 +7 = 6

10. Fall 2021 to Fall **2022** Shemitah = **70** Years = 7

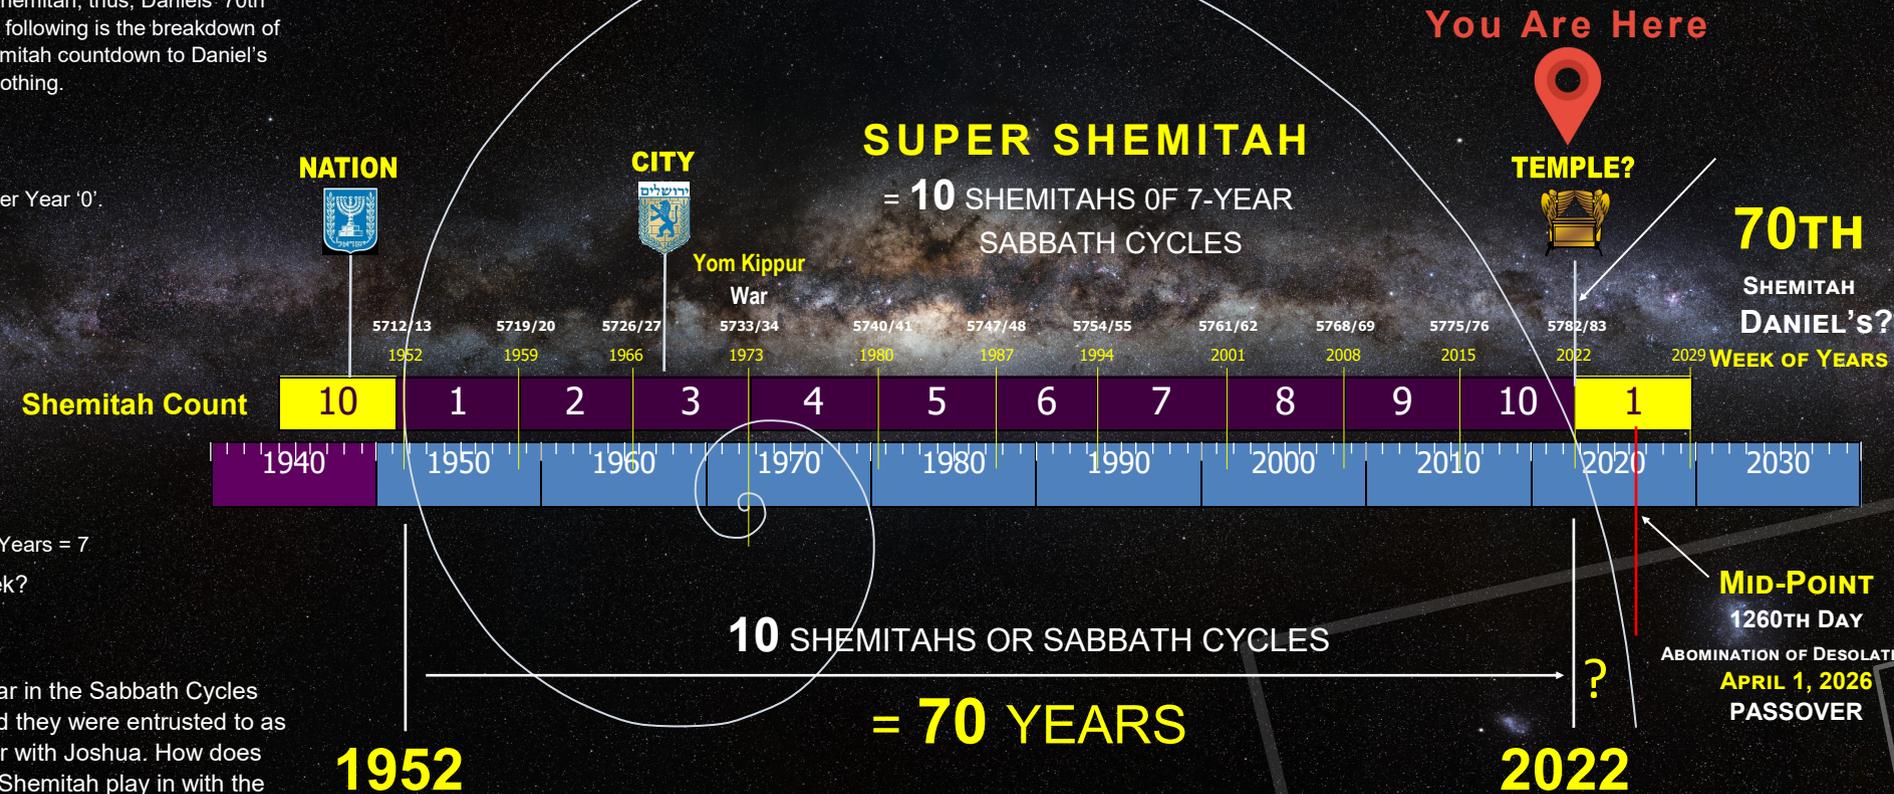

1. Fall 2022 to Fall 2029 = Daniel's **70th** Week?

= 50 Year Jubilee from 1980

The 70 Years were for each Shemitah Year in the Sabbath Cycles that Israel did not allow the Promised Land they were entrusted to as 'Stewards' to Rest since they crossed over with Joshua. How does the Sabbatical Cycles of 7-Years and the Shemitah play in with the end of Church Age or the Rapture event? Are there similar principles to learn about being Faithful and Obedient? Yes.

DANIEL'S LAST WEEK OF YEARS = SHEMITAH STILL OWED BY ISRAEL NOT CHURCH

Thus, after 1952, the Sabbatical Cycle of Years commenced. This is the point, that perhaps, what if the Psalm 90 calculation of 70-Year is valid and true but all have based it on the wrong year, 1948? It should be 1952. If this alternative calculation is valid, it shows just how close then the start of the Daniel's last Week of Years or the 'Last Shemitah' is to occur. Which, in such a case will be a start of a Sabbath Cycle or the 'Last Shemitah'. Starting when? Fall 2022.

On the 7th Year, the Promised Land under the Stewardship of the Jews also had to have a 'Sabbath Year of Rest' for 12 months. According to some Oral Traditions, the Shemitah starts 30 days prior to the Rosh HaShanah of that year. So, in reality, the entire length of the 7th Year that the Land was to be left fallow is 13 months. In the Torah, YHVH prescribed 3 main facets of the Shemitah 7th Year Prohibitions.

1. LAND: Stop 'Touching the Land' or as to go on 'Strike'.
2. FRUIT: Stop handling Fruit as it was considered 'Holy'.
3. DEBT: Stop or have the omission of Debts cancelled.

Pertaining to the Promised Land, the following are more specific interpretation of what were the specific prohibitions in the 7th Sabbatical Year or that of the Shemitah.

- No Sowing
- No Reaping
- No Pruning/Trimming
- No Plowing
- No Harvesting

If Israel was 'born' in 1948, one adds, not the 70-Year coefficient as that has passed already, being 2018 but the 80-Year coefficient. This is an example of reverse-engineering the calculation using the 80-Year upper limit, being 1948 + 80 years = 2028. Then one subtracts the 7-Year Tribulation Period and presto, the Tribulation has to start then in 2021. One would first say that this could be a valid calculation or formula, but not of when the Tribulation Period starts, but rather when the Church Age ends perhaps. This Psalm 80-Year theory pegged to 1948 is fast approaching its 'Shelf Life'.

To reiterate the main points of this study, is that there are 10 Shemitah Years since Israel became a Nation again in 1948. But what if the real application and fulfillment of Psalm 90 is not contingent on 1948 but 1952? In a spiritual sense, the time is tight if this Prophetic Metaphor is to be applied to the end of the Church Age and Rapture event for 2021. How so? Consider that if indeed, the Rabbinical Calendar is off by 1 month, the true Rosh Hashana starts on October 7, 2021. Since that starts the Shemitah where no Harvesting or Picking of the Fruit can occur, in purely metaphorical typology, it means that the end of the Church Age and the Rapture event has to occur before then.

Consider that the Shemitah Principle is of owing a Debt to YHVH, which the Bride of Christ does not and cannot be held accountable to pay also for that time. That the 70th Shemitah is still outstanding and why the Bride of Christ will not be part of this 'collection' by YHVH. That the 70th Shemitah appears to thus be hinged to the 70th Week of Years, or the Tribulation Period.

SUPER SHEMITAH OF ISRAEL

LAST SABBATH OWED BY ISRAEL COLLECTED - COUNTDOWN TO DANIEL'S 70TH WEEK OF YEARS

The purpose of this illustration is to depict the Fall Feast of YHVH and they will incorporate both the 50 and 70 Year Sabbath Cycle that will merge on the same Day in the Year 2022. This is a Double Witness, in one's Assessment. One surmises that it has been since 1952 when Israel returned to the Promised Land, being 70 Years. Then since the Tom Kippur War of 1973 the Sabbath Cycles have corresponded to Economic Market Crashes. The 10th Sabbath Cycle occurs in the Fall of 2022, thus be the Super Shemitah to coincide with the Great Reset and Initiation of the New Liberal World Order.

GLOBAL RESET

Will this coming Reset, Release, Transition and Transformation be a washing-away the USA? Will it also see the World end up with such a similar Judgment? Will this 'washing away' possibly and conversely allude to the Rapture as the Bride of Christ as she has 'washed' her Garments, 'White in the Blood of the Lamb'? Will she be taken-up and out as conversely, the People of Noah's Day were taken-out and Noah remained? Will this Time see the end of the Masonic American Republic in 2022. Why 2022? It starts the 33rd Cycle of Sabbath Year since the Coin Act of 1792.

CONFIRMING THE COVENANT

Based on prior Shemitah Cycles, one believes that the Covenant with the Many might very well be the Mosaic Covenant. How so? One surmises that the coming False Messiah that Israel will accept will gather Israel around the Newly Rebuilt 3rd Temple.

And as a Prior Prophetic Pattern of King Solomon Dedicating the Daily Sacrifices, the Biblical AntiChrist will read aloud the Law of Moses, the Covenant and will be Confirmed by the Jews as the Change in the Prophetic Dispensation changes with the End of the Church Age concluded by the Resurrection-Rapture Event whose Covenant was the New One based on Grace due to the Finished Work and Blood of the Lamb of YHVH, Jesus.

SUPER SHEMITAH OF ISRAEL

SABBATICAL 7-YEAR PATTERNS OF MODERN ISRAEL 1947-2022

START: 1952

THE 1ST SABBATH OR SHEMITAH

Not from the Year 1948 but from the Year 1952. The Psalm 90 Factor of the Fig Tree 70 Year Generation would Correlate to the 10 Shemitah Timespan since 1952. The 11th Sabbath Cycle could then correlated to the Last Shemitah starting in the Fall of 2022, September 26, 2022 precisely. Will 7-Year Sabbath Cycle correlated to Daniel's 70th Week of Years? Shemitah's commence on the Civil Jewish New Year in the Fall, after the Fall Equinox.
