

Impact on town
will be positive

A linear path
where you can
walk, run, bike,
rejuvenate, explore
and enjoy nature

Where are we in
the process?

Still in the initial phase, this multi-step process is ongoing with the State funded preliminary engineering underway in Lynnfield and Wakefield (our partners in this project).

In order for the project to proceed, residents must accept the lease from the MBTA at the April 2015 Town Meeting

Where will the path go?

Frequently Asked Questions (see the website for more)

How will project be financed? Lynnfield and Wakefield are seeking State and Federal funding for this important transportation initiative that is consistent with larger goals to enhance multi-modal transportation for residents of the Commonwealth.

What about crime? Data show that if you build it, respectful people use and enjoy the trail each day and become stewards. See the quote from Chief Breen on the website.

Will property values be affected? Likely in a good way! Studies show that property values often increase near rail trails as these are recognized as a valuable community resource that agents and homeowners advertise.

How can I get engaged and keep informed? Volunteer to help. Follow us on Facebook (Lynnfield Rail Trail) and on Twitter @Lynnfieldrail. Contact us anytime at: info@lynnfieldrailtrail.org

Please vote YES at April 2015 town meeting

Beginning in downtown Wakefield (our partner in this project), the 4.4 mile trail would pass under 128/I 95 into Lynnfield and through **Reedy Meadow**, behind our **Middle School/fields**, by the **golf course and High School/fields** to the Peabody border.
