Swimming Pool Installation Contract

MA HIC #201420
RI Contractor #40736

Greggerson Construction is responsible for:

1. Installing swimming pool according to manufacturers specifications.
2. Leveling ground for the install. Sites outside of 12 inches of level will be subject to additional excavation charges of \$150 per hour, minimum one hour charged. If you would like the pool sunk into the ground at all, excavation costs apply even if less than 12 inches.
3. Providing sand and support blocks.
4. Installing filtration system if on site during the install.
5. Moving excavated grass to a pre-determined location within 100ft of the pool site.
6. Leaving boxes and trash stacked neatly in your trash area.

Greggerson Construction is NOT responsible for:

1. Any landscaping or backfilling of the pool.
2. Any electrical work, including digging the conduit trench. We don't have the equipment.
3. Footprints or wrinkles on the floor of the pool. Every effort will be made to prevent this, but can never be guaranteed.
4. Supplying or paying for water and/or chemicals for any reason.
5. Damage to lawn or other property from Bobcat use.
6. Damage to underground systems. (Septic, well, leech field, sprinklers, etc.)
7. Assembling ladders, due to insurance restrictions.

What to know to be prepared:

1. It is your responsibility to pull a permit. Most, if not all, cities and towns require a permit. We can provide any necessary info.
2. It is your responsibility to relay to us the correct town guidelines for pool placement.
3. Please provide us with a 6 ft or wider opening for the Bobcat BEFORE we arrive. If we must wait, assist, or reschedule due to access issues, there will be additional costs. We do not dig by hand.
4. Inform GC of any systems below the ground surface. (septic, sprinklers, etc.)
5. Please do not run your sprinklers in the pool area within 48 hours of the install and make sure the system is turned OFF before we start digging.
6. Be sure the pool is located where there are no existing trees or stumps. **STUMPS MUST BE REMOVED AND NOT GROUND DOWN.** If we must reschedule due to a stump in the pool area, there will be additional costs.
7. Please provide an active electrical and water source as well as a hose long enough to reach the pool.
8. The first 12-18 inches **MUST** be filled via garden hose and left to sit for 2 full days to allow the liner to stretch. **Failure to complete this will void the warranty on our labor.**
9. Be sure to backfill the pool with desired landscape material before the pool is full and in use. **Failure to complete this will void the warranty on our labor.**

Warranty:

1. All work completed by Greggerson Construction Inc is guaranteed for 90 days from the install date.
2. Warranty does not cover damage due to negligence (numbers 8 and 9 in above section)
3. Warranty does not cover acts of nature. (snow/ice, tree branches/roots, burrowing animals/insects, etc.)
4. Warranty does not cover water and/or chemicals, or cost of, for any reason.
5. Deposit is non refundable.
