AMA CHARTER #895

Reminder: Fix and Fly April 20

Saturday April 20th we are having our first fun fly of the season. This is our annual fix and fly day to get the field ready for the year. Our biggest project will be building a driver stand for the race track. Time and weather permitting we will be able to move some dirt and make some humps for the track as well. Your help will be needed to assist in the building. The new stand will be on the north side of the current track. This will allow us to put another track on the other side or expand our current track.

Saturday April 27th we have a large roller rented. We will be rolling all areas of the field. We will not close all areas at one time. We will roll areas then move to the next and come back and roll again. We should complete all areas on Saturday, but if weather is an issue we could overlap into Sunday.

Fun Fly Dates and Themes

April 20th – Fix and Fly, May 18th – Truck/Cars, June 15th – Charity Auction

July 20th – Soaring, August 3rd – Special Event (Library Demonstration),

September 21st – Warbirds, October 19th – The Old and the New

All types of aircraft and activities welcome each day, if you have one of the theme planes or cars be sure to bring them.

New Trash Barrels

Thanks to Roger Duggins for the new barrels, we will be replacing the rusted out barrel that was by the wind sock. It's over by the club house to be picked up by parks with the trash. Please resist tossing trash into that one or the new ones till we get lids on them.

One More Thing, well maybe a couple:

>AMA cards must be displayed while flying and must have a current club sticker.

>If you have not paid your 2019 dues please do so, new lock codes went into effect in March.

>Jerry has club window decals made out of vinyl. Really nice - \$12

>Jerry has club merchandise if you need a club cap or shirt. Hats - \$12, Shirts -\$12 to \$16 depending on size.

>For anyone who wants to join the club to race cars only, they can meet the AMA requirement by joining AMA under the Park Pilot program, it's half the cost of regular AMA member ship and covers cars and boats as well as park flier planes.
