Rose Bud

LC-1528
Terra Cotta

LC-1106
Wheat

LC-1212
Light Chocolate

LC-1318
Castle Rock

*Represents Deco-Crete's Premium color blends, that require white pigment. These colors can create brighter, more vibrant colors that cannot be achieved with standard (yellow, red, black) pigments. By using premium colors, concrete temperatures will also remain cooler.

The colors shown are an approximate representation of concrete with a flat trowel finish and unsealed. DecoCrete is not responsible for application methods, finishing techniques or any other variables that cannot guarantee the final appearance to be an exact match. Texturing or other finishing techniques such as troweling or brooming, slight variations in raw materials, and the use of sealers may produce color variations. DecoCrete strongly recommends that a representative jobsite sample be made for each product used.
