Additional Items:

- Banquet went well. Venue much better than New World Landing. Food, not as good as the church (Freshman Banquet), but not bad.
- Suggest next year, have Freshman parents, give out portions, rather than boys fill their own plates.
- Questions regarding plaques for Seniors. These are made by Rusty Smith. They will either contact him next year and see if he is available to make them at a cost, or will find another option for plaques.
- Optimist Tree Lot Service Project complete. LaJerrod said there was a good turn-out, even if they did not sign up. They will look into different ways to schedule volunteers next year and maybe try different shifts.
- Next meeting, 2018 board members will be present to hand things over to the new board.
