

Pat Jenkins

Pat Jenkins is the mother of 5 children and the grandmother, Oma, to 12 grandchildren. She homeschooled all 5 children for varied lengths of time. She worked at Faith Chapel School in Lakehills, TX, using ACE curriculum and used A Beka and Rod and Staff curricula in her homeschooling.

Pat went on to get a BS in Mathematics from UTSA, and became a certified math teacher. During her teaching career, she went on to get a Master's degree in Multidisciplinary Sciences from Incarnate Word. She has taught for 16 years in public and private schools. Most of her teaching time, 13 years, was at The Winston School San Antonio.

Pat has tutored various subjects over the last 20 years. She really enjoys teaching students who struggle with learning challenges and coming up with ways to help them understand the material.

She feels like any student can learn, we just need to find the right key to helping them achieve.
