*wisconsinpumpkingrowers.com*

The WGPG started as a group of giant pumpkin growers in central Wisconsin in 1984, and grew to become a non-profit 501 (c) (3) organization with members across the entire world!

## **'Growers Helping Growers'**

Wisconsin Giant Pumpkin Growers is a social organization committed to teaching, and sharing of growing information of giant fruits and vegetables in the Wisconsin area. We also work to introduce people to, and provide a means of sharing information and friendship about the art, sport, and challenge of growing giant fruits and vegetables. Our membership of friendly growers, growing events, weigh-offs, meetings, presentations and educational seminars, along with our website and Facebook presence, will provide all of the support necessary for large fruit and vegetable growers.

## **'Supporters of our organization'**

We welcome support from businesses, organizations and communities to help promote the mission of our club. Our expenses include such things as mailings of seed distributions, newsletters, website costs, recognition of grower's achievements, sanctioned weigh off registration fees, awards, appreciation pictures, seminars, speakers, educational materials and club competitions.

Types of support we welcome include:

- Discounts of product costs for our members  
(a member list is kept current on our website)
- Donated items for distribution or drawings at seminars, meetings, fundraising, and weigh-offs.
- Prize money for one or more of the GPC sanctioned Wisconsin weigh-offs.  
GPC = Great Pumpkin Commonwealth ( [gpc1.org](http://gpc1.org) )
- Monetary contributions to the WGPG to help cover operational expenses
- Open to your creative ideas!
