MAKING MEMORIES

A Fun 3-part

Memory

Improvement

Training

Course

Part 1 Making Memories

This segment introduces the keys to making your memory work. The basics of how to access your vast memory storage system is demonstrated and you are given the tools to maximize your memory. You are provided with a filing system that will enable you to remember numbers, lists, codes, and formulas.

Part 2 Multiplying Memories

This segment builds on the strategies in Part 1 “Making Memories” and shows how to reach the next level of Memory, that of Multiplying Memory. Additional memory storage will be added. The secrets to remembering names, and learning other languages will be introduced.

Part 3 Infinite Memories

There is no limit to your potential as will be shown in this segment. How to build an infinite memory storage system will be explained. Imagine being able to give a lecture without notes, or remember the contents of a speech or research with minimal notes. You will have the tools to remember long lists, phone numbers, PIN numbers, formulas and more!

**Learn and memorize faster and easier while having fun!
Employ “Making Memories” strategies to :**

Accelerate your ability to remember what you read.

Learn another language.

Memorize a speech

Apply the fundamental principles to remember:

Names,

Numbers,
