NOTE

Due to the Insurance you have to be a club member to work on the trails

NOTE

November meeting is our election meeting, I strongly urge as many of you who are able to attend to please do so and run for a position. I truly believe that changes in these positions every few years keeps ideas fresh and more interesting.

President Corner

Another winter is fast approaching although it may not seem like it with the warm temps we are having. As we all know the weather can change pretty fast in Wisconsin and we all hope it does. The trail work is under way along with a few extra projects due to high water. Thanks to everyone who is out there working hard. Volunteer to help if you can because the more people we have the more fun it can be. Don't forget to order your Sherwood Forester apparel with the form provided. The club is selling these to members at cost.

See you on the trail!!!

Wayne Johnson

NOTE TO YOUTH

We will have the pleasure of our AWSC Youth Representative for Eau Claire County at our meeting this month Max is his name and he wants to talk to all the youth in our club so please try and make it to the meeting

This one may bring a little tear to your eyes .Any golfer can appreciate this story of a GOLFER AT THE DENTIST.

A man and his wife walked into a dentist's office. The man said to the dentist, "Doc, I'm in one heck of a hurry I have two buddies sitting out in my car waiting for us to go play golf, so forget about the aesthetic, I don't have time for the gums to get numb. I just want you to pull the tooth, and be done with it! We have a 10:00 AM tee time at the best golf course in town and its 9:30 already... I don't have time to wait for the aesthetic to work!"

The dentist thought to himself, "My goodness, this is surely a very brave man asking to have his tooth pulled without using anything to kill the pain." So the dentist asks him, "Which tooth is it sir?" The man turned to his wife and said, "Open your mouth Honey, and show him

A recent study found that the average American walks about 900 miles a year. Another study found that on average Americans drink 22 gallons of alcohol a year. That means that the average American gets about 41 miles to the gallon!

Makes you damned proud to be an American
