

BURJ KALIFA ORION STAR MAP 4

The purpose of this illustration is to suggest that the 3 round-about to the south of the Burj Khalifa appear to be designed in the proportion of the Great Pyramids of Giza. In turn, this design is mirroring the 3 stars of Orion's Belt. The avenues leading from these roundabouts also approximate the direction that are associated with the 3 pyramids. The design layout is not exactly a 1 for 1 correspondence with the Giza Pyramids but when the Great Pyramids are superimposed, the proportion appears to match. One possible confirmation that this is an encrypted Giza Pyramid pattern is that the avenue roundabouts are designed in the reversed order of the size of the 3 Giza Pyramids. The Great Pyramid corresponds to the smallest roundabout and so on.
