

Hey, Beachcombers ~ Before we tempt you with sunny days ashore in 2020, might we be able to interest you in getting excited about and budgeting for a 12-day adventure in 2021 aboard the 5-star

Celebrity Constellation

It offers everything the discerning passenger is looking for in a modern cruise experience. The unique, high quality food offered in nine dining venues will have you eagerly returning for each meal. The Rooftop Terrace will surprise and delight you with its artistic elements and chic furniture, and a large movie screen means you'll always catch the latest and greatest films even at sea. And, if you're looking for a little pampering, head over to the Canyon Ranch Spa, where you can indulge in several treatments for the body, mind and soul.

Picture yourself relaxing either in or alongside these interior and exterior pools, be mesmerized by the San Marco Main Dining Room and relax after dinner with a drink in this beautiful scenic lounge.

Enjoy a show in one of their theaters or watch a movie under the stars.
