

Why We Left The ELCA!

This was posted on FB today. Thank you - everyone of you for your part in Genesis! We don't have to be a part of this. Lord have mercy!

Hope to see you at church tonight - we will be talking about the dramas we hope to do at Fountain Springs when we are allowed back in. We will need more actors - think about it! It is really fun!

Jesus Isn't God?

2 Comments

An ELCA pastor wrote the following on an ELCA facebook page which was discussing the movie "Son of God" -

"Not a great title in this era of increasingly aware inter-faith-sensitive folks who see Christian History as a history of violence done toward peoples of other faiths because Christians believed that their spokesperson or prophet was the Son of God (misunderstood to mean that Jesus was God). Son of God was originally attributed to Ceasar. The Christians wanted all to know that their allegiance was NOT to Ceasar, but to the Holy One to whom this itinerant Rabbi pointed. The One who sent me, Jesus would say. In other words, we need to make a theocentric move here in order to show consideration for our Muslim, Jewish, Hindhu, Buddhist....and all other friends. These kinds of Christocentric obsessive movies just continue to give the rest of us Christians a bad name." (reported by Lutheran CORE[here](#) and originally post from a closed ELCA facebook group[here](#))

It is this pastor and the Evangelical Lutheran Church in America that give Christians a bad name, but worse than that, they are leading people away from Truth, God's Word and Faith in God the Son.
