

Student Health Services

The purpose of the school health program will be to supplement the efforts and guidance of parents/guardian to bring about an awareness on the part of students of regular health care.

The objectives of the school health program are:

1. To promote good health habits among students;
2. To stimulate a sanitary and healthful environment in school;
3. To assist in detecting and recommending treatment for medical, psychological, and physical handicaps of students.

Health Records - Health records will be maintained by the nursing staff and kept in the student's cumulative record file system.

Annual Screening Programs - Vision screenings will be planned and administered by qualified personnel per referrals.

Animals - Department of Family Services standards regarding animals in facilities will provide guidance in permitting only appropriate animals. Special needs or requirements of the students will also be considered.
