

Carleen Home Health School

STUDENT ORIENTATION

STUDENT ORIENTATION

**Welcome to the
Carleen Home Health
School!**

MISSION STATEMENT

The Carleen Home Health School is dedicated to providing quality career training that empowers medical professionals and nurses to succeed in their chosen field. Programs are designed to prepare professionals at the diploma, associate's, and bachelor's degree levels while offering an academic setting where safe patient-centered care, quality improvement, evidence-based practice, teamwork, and collaboration are core values.

MISSION STATEMENT

To achieve this mission the institution prepares graduates who will competently practice nursing and home health aide within a complex environment, understand the significance of evolving healthcare technology, and apply both professional and ethical principles with sensitivity to the diverse needs of individuals, groups, and communities.

SCHOOL FACILITIES

The Carleen Home Health School has three campuses. The main campus is located on a 13,000 square foot facility in Lauderhill, Florida. At each campus students have access to convenient public transportation and ample parking. Students also have access to a clinical laboratory, a computer lab, a library, an audio visual room, and many other resources to support academic success.

Lauderhill Campus
4200 NW 16th St. 5275
Lauderhill, FL 33313
(954) 476-9090

Palm Bay Campus
Babcock Street NE
Palm Bay, FL 32905
(321) 725-1515

West Palm Beach Campus
4645 Gun Club Road, #11
West Palm Beach, FL 33415
(561) 656-4720

ADAPTIVE LEARNING

- The faculty and administration wish you success in your academic studies and thank you for being part of our prestigious learning community of health professionals. We remain committed to providing outstanding instruction, a high-quality curriculum, and excellent student service, as well as providing other resources available to our students.

Adaptive Learning is an interactive technology that:

- Provides Personalized Instruction
- Supports Teaching and Learning
- Improves Student and Program Outcomes

ADAPTIVE LEARNING

- Each class is complemented by an **Adaptive Learning** module
- By using a product access code, students can access **Adaptive Learning** modules online at any time
- **Adaptive Learning** individualizes the pace of learning and adapts the curriculum and learning activities to your needs
- It enhances learning and prepares students for exam success from the first day of class to the exit exam!

HOW TO BE A SUCCESSFUL STUDENT

- Know why you're here
- Schedule time for school and study
- Be positive
- Be respectful to faculty & fellow students
- Get to know others
- Use available CHHS resources
- Have a plan for success
- Let your needs be known
