

Trudi Luethy, Anne Page and Tony Cox are working on a historical pamphlet about Lions Bay to commemorate the 30th anniversary of our incorporation as a village. Vera Deans and Anne Page are making good headway in their project to photocopy selected Seagull articles and index the articles by subject. The archives has newspaper clippings about Lions Bay Blues guitarist/vocalist, Colin James which were collected by his fans. Colin, congratulations on your past five Juno awards for "Best Male Vocalist" and the albums which went platinum. We wish you continued success. Everyone is welcome to attend our next meeting Monday, June 25, 7:30 PM in the library.
