

Instructions:

1. Choose if you'd like the color-coded set or the non-color-coded set.
2. Print 2 copies of the set you'd like to use. Place a dot or mark on the back of each card from 1 set (this will show the child how to divide the 2 sets when they set the cards out for matching).
3. Cut, laminate, and trim the cards.
4. Lay 1 set of cards on the table, match the second set of cards to them.

Non-Color-Coded Set
