

PORTABLE HAND WASH STATION FOR SPECIAL EVENTS

This hand wash station seals tight for maximum sanitation. It's a freestanding, two station unit that fits easily inside most units for space-saving transport.

Features:

Protect yourself and others against water contamination. Large twenty gallon fresh water tank with screw on lid keeps water fresh, and is easily removed for cleaning. With dual stations and a slender design, travels easily inside most portables and provides plenty of washes upon arrival. Soap and paper towel are included. Hand washing facilities are required where food is served. We recommend one hand wash station for every five portable restrooms at special events.

Small Unit

- Free Standing
- Fits inside most portable toilets
- Sealed fresh water tank
- Foot pump operation
- Heavy duty nozzles
