

Carol L. Paton

Experience

I have been a licensed sales associated and Broker for the last 30 years. My team specializes in waterfront, commercial, residential and bank repossession properties. We also assist builders with all phases of the building process, from locating sites through development, sales and closing. My vast experience in the real estate industry, including shopping centers, marinas and numerous residential homes, enables me to provide you, the client, with the level of service you should expect. I belong to an elite group of fewer than 5,000 out of the nation's 650,000 real estate professionals eligible to be in this year's edition of REAL Trends Top Performers.
