Owner's Name:
Pattison, Annabelle

Veterinarian/Submitter: Account ID#: 18
Veteran's Ranch
1987 S. 141st Place
Gilbert, AZ 85295

Date specimens received: 7/17/2012

Preliminary reports:

Phone reports:

Final report: Email 7/19/2012

Species: Caprine
Breed: Nubian

Age:
Weight: 140 Pounds

Animal ID: #1 Doe, Belle
Sex: Female

Tests Requested: G6S Mutation

Specimens Submitted: 2-3 cc Blood (1 RT)

Clinical History: /bg

Clinical Diagnosis:

Previous Cases:

Treatment:

Conclusion/Interpretation of Lab Findings:

Laboratory results as listed.

LABORATORY TEST STATUS:**Ordered Current Status**

G6S mutation, Caprine (SNP qPCR) (M)

7/17/2012 Completed 7/19/2012

Molecular Diagnostics**G6S mutation, Caprine (SNP qPCR)****Completed: 7/19/2012**

Animal/Specimen ID	Specimen	Result
#1 Doe, Belle	Blood, EDTA	Normal

Comment

Methodologies for PCR assays are based on procedures published in the literature for these particular pathogens. The disease prevalence in the tested population greatly affects the predictive value on an assay's results, which must be considered in the interpretation of assay results for health management decisions. Assay positive and negative controls were used with this sample set for quality control purposes.

--Dr. Sneed/jm

Veterinary Bulletin:

TVMDL-College Station has been experiencing phone line problems because of a local service trunk line that is in disrepair. Clients are being affected in two ways: (1) a client calls and does not reach anyone, or (2) a client is in a conversation with a TVMDL staff person and the connection is dropped. We realize this can be very frustrating and we are working with the phone company and University engineering to resolve these issues. If you experience phone problems in your communication with the TVMDL, we appreciate your patience and ask that you call back as soon as you can after running into phone trouble. The needs of our TVMDL clients are very important to us and we sincerely apologize for the frustration and inconvenience this has caused you.

Thank you for your understanding.
