

PRIMA 2IN1 TEST METER KIT

PRIMA 2 IN 1 Self-Testing Kit is a new High Quality, High Precision, multifunction diagnostic device, developed to execute measurements for cholesterol and triglycerides in the comfort of your home. PRIMA 2IN1 is a new unique multifunction test meter which uses REFLECTOMETRIC technology for cholesterol and triglycerides testing. The meter gives results in about 30 seconds. The meter switches on automatically when the test strip is inserted, The meter uses a large display for easy reading. The system remains clean and hygienic because it uses a strip ejector which removes the old test strip. The meter has a memory capacity of 500 measurements with date and time display. Measuring range: Cholesterol 3.3-10.2 mmol/L (130-400 mg/dL) - Triglycerides 0.56 - 5.6 mmol/L 50-500 mg/dL. Power source 2X 3.2V Lithium button cell Batteries, type CR2032. Approx. life time 1000 measurements. Dimensions: 97 mm x 49 mm x 20.5 mm. Weight 65 g (incl. battery). KIT CONTENTS 1 Prima Test Meter, 5 pcs. Cholesterol test strips + Data-chip, 5 pcs. Triglycerides test strips + Data-chip, 1 Lancet device, 25 pcs. sterile Lancets, Instruction Manual. (English) 1 case.
