Swimming Pool Installation Contract

MA HIC #201420 RI Contractor #40736
--

Greggerson Construction Inc. is responsible for:

1. Installing swimming pool according to manufacturers specifications.
2. Leveling ground for the install. Sites outside of 6 inches of level will be subject to additional excavation charges of \$150 per hour, minimum 1 hour charged. If you are replacing an old pool with a taller one, and would like us to excavate to match your deck height, excavation is \$500.
3. Providing sand and support blocks for the pool base.
4. Installing filtration system if on site during the install. Service fees may apply if we need to return to install filter.
5. Moving excavated grass to a pre determined location on homeowners property. We will not dump over fences. Debris haul away is available At \$500 per truckload. Please let us know in advance if you'd like haul away service. We cant guarantee availability otherwise.
6. Leaving boxes and trash stacked neatly in your trash area.

Greggerson Construction Inc. is NOT responsible for:

1. Any landscaping or backfilling of the pool.
2. Any electrical work, including digging the conduit trench. We don't have the equipment.
3. Footprints or wrinkles on the floor of the pool. Every effort will be made to prevent this, but can never be guaranteed.
4. Supplying or paying for water and/or chemicals for any reason.
5. Damage to lawn or other property from Bobcat use.
6. Damage to underground systems. (Septic, well, leech field, sprinklers, etc.)
7. Assembling ladders, due to insurance restrictions.

What to know to be prepared:

1. It is the homeowners responsibility to pull a permit. Most, if not all, cities and towns require permits. We can provide any needed info.
2. It is the homeowners responsibility to relay to us the correct town guidelines for pool placement.
3. Please provide us with a 6ft wide opening for the Bobcat BEFORE we arrive. If we must wait, assist, or reschedule due to a ccess issues, there will be a \$150 additional charge.
4. Inform us of any underground systems (septic, sprinklers, etc.)
5. Please do not run your sprinklers in the pool area within 48 hours of the install and make sure the system is turned OFF before we start digging
6. Choose a location where there are no tress or stumps. STUMPS MUST BE REMOVED AND NOT GROUND DOWN. If we need to return due to a stump in the pool area, there will be an additional \$150 charge.
7. Please provide an active electrical and water source as well as a hose long enough to reach the pool. We do NOT recommend expandable hoses
8. The first 12-18 inches must be filled via garden hose and left to sit for 24-48 hours, depending on temperature, to allow the liner to stretch.
Failure to complete this will void the warranty on our labor.
9. Be sure to backfill the pool with desired landscape material within 30 days from the install. **Failure to complete this will void the warranty on our labor.**

Warranty

1. All work completed by Greggerson Construction Inc. is guaranteed for 90 days from the install date.
2. Warranty is void if homeowner doesn't complete BOTH steps 8 and 9 in above section.
3. Warranty does not cover acts of nature. (Wind, snow/ice, trees, roots, burrowing animals, insects, etc.)
4. Warranty does not cover water and/or chemicals, or cost of, for any reason.
5. Deposit is non refundable.
