Rikia Ancar, M.A., PLMFT
Counseling For Growth, LLC
2924 Brakley Dr Suite B2
Baton Rouge, LA 70816

Qualifications:

I earned a Masters of Arts degree in Marriage and Family Therapy from Adler University (Chicago Campus) in 2017. I am a Provisional Licensed Marriage and Family Therapist (PLMFT) registered with the Louisiana LPC Board of Examiners located at 8631 Summa Avenue, Baton Rouge, LA 70809 (225-765-2515). The Louisiana LPC Board of Examiners has approved Christian Dean, Ph.D., LPC-S, NCC, LMFT-Supervisor Candidate, 2924 Brakley Dr. Suite B2 Baton Rouge LA 70816 (225-205-7508) as my LMFT Board-Approved Supervisor. Dr. Dean is a Licensed Marriage and Family Therapist (LMFT) and a LMFT Board-Approved Supervisor Candidate. Dr. Dean will provide supervision as I work toward full licensure as a LMFT. I may not practice independently or accept fees directly from clients as a PLMFT.

Clients Served:

I provide therapy for individuals, couples, and families. Individual clients range in age and diagnoses. Couples and families are seeking treatment to repair communication, relationships, and functioning. The clients pay the practice, Counseling For Growth, LLC., by cash or check.

Areas of Focus:

I focus on intimacy, repairing trust, infidelity, communication, and other relational consequences of individual pathology that couples and families face. With individuals, I am able assist clients with reducing impairments related to anxiety, depression, trauma, and addiction.

What to Expect from Therapy:

I work from a systemic perspective, which means that I view client's immediate family relationships and larger social context as being important resources in solving life's problems. Goals for therapy are established through collaboration. The overall objective for therapy is always the successful resolution of the problems that are deemed the most important through the collaborative process.

I work from a Contextual perspective, which means that I assist individuals, couples, and families in resolving transgenerational wounds and repairing relationships. I believe that repairing relationships will enable clients to work on other issues such as managing mental illness and addictions. Techniques that I often employ are instruction and modeling of communication skills, family role-playing, skill building, and psychotherapy.

Individual, couples, and family sessions are 50 minutes. The frequency of sessions is determined by the severity of the presenting issues but will usually be once per week. The length of treatment is determined by the severity of the presenting problems and collaboration between myself, the clients and Dr. Dean.

What I Expect from Clients:

Clients must make their own decisions regarding custody, preservation of the relationship, parenting styles, etc. I aid clients in meeting their treatment goals while healing from past and present emotional difficulties. I abide by my code of ethics which prohibits direct decision making from therapists.

Code of Ethics:

I am required by law to adhere to the Louisiana Code of Ethics for Provisional Licensed Marriage and Family Therapists (PLMFTs) and Licensed Marriage and Family Therapists (LMFTs). A copy of this code is available upon request. Should you wish to file a disciplinary complaint regarding my practice as a PLMFT, you may contact the Louisiana LPC Board of Examiners. My practice is also bound by the American Association of Marriage and Family Therapist ethics code.

Privileged Communication:

I am required to abide by the professional practice standards for Provisional Licensed Marriage and Family Therapists as stated in Louisiana law and the AAMFT ethics code. I do not disclose client confidences and information to any third party, except for materials shared during supervision, without a client's written consent or waiver except when mandated or permitted by law. Verbal authorization will not be sufficient except in emergency situations. State law mandates that I report to the proper authorities suspected cases of child abuse/neglect, elder abuse/neglect, or disabled adult abuse/neglect and instances of danger to self or others when reasonably necessary to protect the client or other parties from a clear and imminent threat of serious physical harm. Also note that certain types of litigation (such as child custody suits) may lead to court-ordered release of information without your consent.

When working with couples and/or families, I cannot disclose any information outside of the treatment context without a written authorization from all individuals competent to sign such authorization. For example, I cannot release any information about either or both spouses I have seen for marital therapy to an attorney without signed authorizations from both spouses. When working with a family or couple, information shared by individuals in sessions where other family members are not present must be held in confidence (except for mandated exceptions noted above) unless all individuals involved sign written waivers at the outset of therapy. Clients may refuse to sign such a waiver but should be advised that maintaining confidentiality for individuals during couple or family therapy could impede or even prevent a positive outcome to therapy. If an impasse results from such confidentiality, referral to another therapist might result.

Dr. Dean will monitor my work with clients. I will review my cases with Dr. Dean. My supervision may include group supervision where other PLMFTs will be present. Dr. Dean, the other PLMFTs (if applicable), and I will maintain confidentiality of the shared information as described in this section.

After-Hours/Emergency Situations:

In an emergency situation when an immediate response is necessary, I advise all clients to call 911 to receive emergency help which will offer immediate assistance 24 hours a day.

Fees and Offices Procedures:

Appointments: Appointments are available from 5-7 pm Tuesday-Thursday and Saturday from 10 am-1pm. Appointments canceled with less than 24 hours notice will be charged the full fee. Three consecutive missed appointments (no call, no show) will result in the client(s) being denied a future appointment and referred to 3 providers for continued care.

Fees: The fee for 50 minute sessions is \$35 due to the practice at the time of the appointment.

Potential Risks of Therapy:

A. Changes in relationship patterns may result from participation in therapy. Such changes may produce unpredicted and/or possibly adverse responses from other people in the client’s social system.

B. A result of therapy may be a realization on the part of the client that there are issues that may not have surfaced prior to the onset of the therapeutic relationship.
