

Exploring Identity through Spoken Word Poetry with See More Perspective

The Arrowhead Library System is pleased to present See More Perspective and his spoken word poetry, a free workshop being offered for grades 4-12 and adults at the following dates and locations:

Thursday, April 18, 6:00 p.m.
Two Harbors Public Library

Friday, April 19, 4:00 p.m.

Presented differently for learners of various ages, this workshop explores social identity and how it informs the choices we make as artists and as people. Students will participate in activities that help illuminate their own identity and values, reflect with peers, and begin to discover their own creative voice. Program length is 90 minutes and intended for youth in grades 4-12 and adults.

This program, sponsored by Arrowhead Library System, was funded in part or in whole with money from Minnesota's Arts and Cultural Heritage Fund. Invite to Local Workgroup Meeting & Listening Session

The Natural Resource Sources Council (NRCS) which works under the Farm Bill to implement practices to reduce soil erosion, help water quality and other practices identified in the Farm Bill, local landowners, local partners and the Soil and Water Conservation District would like to invite you to the local work group meeting and listening session. As the local SWCD, we work with NRCS to help put practices on the ground. Each year there is a local work group pulled together for the purpose of providing input on the Environmental Quality Incentives Program (EQIP) for 2020.

This meeting will be an opportunity to provide input as to the funding priorities for the Conservation Provisions of the Federal Farm Bill that NRCS is responsible for implementing. Work is already underway to develop program guidance for the year.

During this meeting we can:

- Identify and Prioritize Resource Concerns/Practices and Develop Specific Ranking Questions
- Identify Geographic Areas/Watersheds to Receive Priority Within the County
- Make Technical and Programmatic Recommendations (are there practices or scenarios that need to be added in order to address a specific resource concern in the county)
- Improve forest health and/or improve wildlife habitat

Your input will be important to helping us implement the Farm Bill.
