

## WICOMICO HUNT CLUB COVID-19 REQUIREMENTS (REVISED)

Due to the third wave of the surge in Covid-19 infections nationwide, our requirements have been modified by the Board of Directors, effective November 13, 2020. These requirements are subject to further change if the threat levels are hereafter modified.

1. In addition to all other required safety equipment, at all times after arrival and prior to mounting, all participants must wear an approved mask covering their nose and face. After mounting, face masks may be removed, but must be carried with each rider and social distance of 6 feet must be maintained between riders.
2. If a rider dismounts during a hunt, a face mask will be worn while unmounted.
3. Participants who follow on foot, bicycle, golf cart, Gator type vehicle or other vehicle must wear a mask at all times.
4. After the hunt or hunt related activity is completed and riders dismount, face masks must be worn until participants enter their vehicles to depart the fixture.
5. There will be no sharing of flasks, food or drink. Each participant must bring their own refreshments. Communal tailgates are suspended until further notice.
6. Until further notice, there will be no joint meets, away hunts or approved guests from states other than Maryland and Delaware.
