- Flat/buckle Collar - no pinch or choke collars allowed while running your dog, but you may use a pinch or choke collar to control your dog when you are not running.
- 6' lead leash with snap AND a 4' or 6' slip leash
- Short control or grab leash (available from us for \$3)
- EASY ACCESS pouch or bag for treats that you can clip on your belt or pants
- Pouch for treats that you can clip on your belt or pants (fanny pack, etc.) and access *quickly*
- A VARIETY of **“good, yummy, special”** treats that are or can be broken into tiny pieces.
Example: Hot dogs, liverwurst, cheese, chicken, steak, etc. Kix cereal or your dog's dry kibble works well when lots of treats are required.
- Toy(s) - something small they love to play with or fetch (ball, frisbee, etc.)
- something small that has a “squeaky” sound. (You can purchase just the squeaker that goes inside a toy at most pet stores. It's called a “toy replacement squeaker”).
- Margarine or yogurt lid, small frisbee, lid, etc. to use as a *target*
- A calm-assertive attitude and lots of good energy**

Optional

- Crate or pen - there will be times when you will need to leave your dog while you walk the course. ***If your dog will not tie to the fence without destructive behavior (extreme pulling on the fence, lunging for other dogs, excessive barking, etc.) you will need to restrain them.***

Note: Don't feed your dog a meal just before class - they'll get lots of treats during class. You may however, feed a small amount earlier in the day.
