

Dear Business Owner -

How would you like to save money for your business while supporting our Autism Service Dogs?

I'm Ellen Richard-Clark, Executive Director of [Dream Acres for Autism](http://www.dreamacresforautism.org), a 501(c)3 non-profit that provides service dogs to children and young adults on the autistic spectrum at no cost.

As a business owner, I would like you to picture your company in a perfect win-win scenario. Payment processing is an essential part of conducting business, and our supporter, Gulf Management Systems, **guarantees** a cost savings on your company's credit card processing services when you tell them you want to join them in supporting our non-profit.

GMS will:

- **Beat or Meet the current rates** on your credit card payment processing service used at your business
- **Split any payment processing revenue they earn** with [Dream Acres for Autism](http://www.dreamacresforautism.org) - every month!

This is a great way to do something positive for your bottom line that also sustainably helps our organization.

[Dream Acres for Autism](http://www.dreamacresforautism.org) is thrilled to be a designated partner for this opportunity, but we need your help to make it work. We hope that you take advantage of this offer and help spread the word to other business owners you know.

To get started, please see the referral form on the reverse page. Simply complete and return via email, fax, or mail to our supporters at Gulf Management Systems (GMS). Matt Mussett from GMS will contact you to provide a confidential analysis of the savings projections for your business.

Thank you in advance for your consideration. ***Your participation will make a positive impact!***

Sincerely,

Ellen Richard-Clark

Executive Director, [Dream Acres For Autism, Inc.](http://www.dreamacresforautism.org), a 501(c)3 Organization
