

Shipping Solutions

United Problem Solvers

As the world's largest package delivery company, UPS is a leader in transportation and logistics services in more than 200 countries and territories worldwide.

Benefits

- Fixed program discounts for Ground Commercial and Residential shipments off of the base published transportation rates for the current year based on weight and zone of shipment.
 - Ground Commercial discounts range from 9% to 23%
 - Ground Residential discounts range from 7% to 18%
- Incremental discounts off of the base published transportation rates for the current year as determined by each customer's average shipment revenue volumes. **The more you ship with UPS, the greater your company's discount becomes.**
- By combining the above discounts, Members may realize total discounts up to the following based on average weekly gross spend with UPS:
 - Domestic Ground
 - Commercial discount up to 34%
 - Domestic Ground Residential discount up to 24%
 - Domestic Air discount up to 40%-52% depending on requested service
- Export/Import – Canada discount up to 11% Export – Other countries discount up to 25% Import – Other countries discount up to 25%

Online Applications

Core Partnership can leverage UPS' innovative web based shipping and shipment tracking applications best suited to your company's shipping characteristics in order to streamline the shipping process and gain enhanced visibility into the latest shipment status.

Additionally, Core Partnership also has access to UPS' electronic billing solutions to help make your accounts payable process more efficient and to provide greater visibility into shipping spend.

95% of the world's consumers live outside the U.S. Seize the opportunity.
