**Kindle Direct Publishing Terms and Conditions**

This agreement (the "Agreement") is a binding agreement between the individual or the entity identified in your Kindle Direct Publishing ("KDP") account ("you" or "Publisher") and each Amazon party. The "Amazon parties" are, individually, Amazon Digital Services, Inc., Amazon Media EU S.à.r.l., Amazon Services International, Inc., Amazon Serviços de Varejo do Brasil Ltda., Amazon Mexico Services, Inc., Amazon Australia Services, Inc., and each other Amazon affiliate that joins as a party to this Agreement. An Amazon "affiliate" is any entity that directly or indirectly controls, is controlled by, or is under common control with an Amazon party. "Amazon," "we" or "us" means, together, the Amazon parties and their affiliates.

This Agreement provides the terms and conditions of your participation in the KDP digital self-publication and distribution program (the "Program") and your distribution of digital content through the Program (all such content, "Digital Books"), and consists of:

- the terms set forth below;
- the Pricing Page;
- all rules and policies for participating in the Program provided on the KDP website at <http://kdp.amazon.com/> and <http://kdp.amazon.co.jp/> ("Program Policies");
- the Amazon.com website Conditions of Use; and
- the Amazon.com Privacy Notice.

Any version of this Agreement in a language other than English is provided for convenience and the English language version will control if there is any conflict. Given the importance of this Agreement, we encourage you to study it carefully. We welcome feedback on this Agreement at <http://kdp.amazon.com/> and <http://kdp.amazon.co.jp/>.

To add your book it will need to be saved in PDF format. For example, if you are writing your documents in Word, you can do a “Save As” and change the “Save as type” to PDF instead of Word format.

There are a lot of resources online and on [www.amazon.com](http://www.amazon.com) on how to best format your book for e-readers before uploading it. Amazon’s website has tools to help you format your book, such as the “Kindle content creation tools” and “Cover creator”, which can be accessed on the screen above. You can also google how to self-publish an e-book, and you will see many sites on the internet that can help you learn how to get your book self-published, and how to market it. Amazon has different rules for different countries which are all listed on their website, as well as all the directions for self-publishing e-books.
