Dear Parents and Carers

I hope that you and your family are all safe and well.

As you maybe aware, the government have set out their plans on easing the lockdown. The current plan is to start opening schools from the 1 June 2020 (although this may change).

We will be following the advice for a phased return will have to limit class sizes to ensure the safety of children and staff. However, we will try to accommodate as many children as we can.

Initially, we will prioritise those children who will be moving to their new schools in September. This is to help prepare them for the next step in their education and ensure a smooth transition to infant/primary school.

We will also continue to offer places for children of parents who are keyworkers.

We will keep you informed of the plans as we get more information from the government.

Yours sincerely

Janet Brownjohn
Headteacher
